### Searchable, Portable, Compressed and Compliant PDFs with Autobahn DX

Autobahn DX is an OCR and document conversion processing product designed to be able to process and convert a variety of different types of document including TIFF images, Microsoft Office documents, Emails with attachments and convert those documents to searchable PDF/A compliant files .

### Law Firms and E-Discovery

From leading US firms such as Goodwin Procter LLP and Paul, Weiss, Rifkind, Wharton & Garrison LLP to smaller attorneys Autobahn DX is widely used to ensure that all materials are fully searchable for E-Discovery purposes.

### US Courts

Courts such as the Superior Court of California, Orange County use Autobahn DX to convert many, many millions of documents to searchable PDF format.

### E-Filing and PDF/A Compliance

Aquaforest products have supported the PDF/A standard since 2006., and Aquaforest is an active member of the PDF Association which is the industry organization for PDF standards. With the increasing need to ensure that all court submission materials are fully PDF/A compliant, this is a highly important area.

### SDK Available

For those who prefer to build their own applications, Aquaforest OCR SDK for .Net provides the same OCR functionality as Autobahn DX.

### Flexible Licensing

Aquaforest can offer a variety of flexible licensing schemes—one such scheme has enabled the Supreme Court of Virginia to provide OCR and PDF processing to over 70 locations incredibly cost-effectively.

### Stand-Alone or Integrated

Autobahn DX used either stand-alone or integrated with tools such as Worldox, Sharepoint or standalone and make use of our Tabula DX search tool.
